

Guideline under one time ACA.

- Project proposal involving State Government matching share against Centrally Sponsored Scheme are not generally entertained by the Planning Commission under one time Project based ACA proposals.
- Priority of project proposal may be indicated in case a Department submits more than one project for consideration.
- Project with a long gestation period may not be encouraged by the Planning Commission and hence those type of projects may be avoided.
- Project submitted earlier but not sanctioned need to be submitted again if the same project is required to be considered during the current year.
- If the amount sanctioned under one time ACA for a project during the previous year is less than the total project cost then the remaining amount for completion of the project may be asked under one time ACA against fresh proposal as a phased programme.
